

PUNCHOUT

Optimize eProcurement with PunchOut

Integrate vendor catalogs with Fraxion for easy, compliant business purchasing.

Why enable PunchOut?

Gain integrated access to your preferred vendors’ eCommerce catalogs directly from Fraxion!

Empower your team to shop for business supplies from approved vendors, while leveraging your organization’s purchasing rules configured in Fraxion.

Fraxion routes all PunchOut requests for budget review, policy checks, and approvals. Once approved, Fraxion’s automated purchase order process is initiated and the vendor’s order acceptance, billing, and fulfillment process follows. You gain an easy, accountable, and compliant business purchasing process.

- No catalog maintenance
- Ease of use and familiarity
- Request and approval efficiency
- Budget and policy compliance
- PO automation and accuracy
- Spend visibility and analytics
- Time and cost savings
